Forecast For East of England
Issued by Met Office Exeter
at 0400 on Tuesday 24 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy start, then fine and dry with warm sunny spells.

Today:
Early cloud soon lifting and breaking to give some bright or sunny spells throughout the day. Feeling warm in the sunshine, especially away from North Sea coastal areas. Cloud increasing from off the North Sea later in the day. Maximum temperature 22 deg C (72 deg F).

Tonight:
Low cloud drifting in from off the North Sea overnight, which may produce the odd spot of light rain or drizzle along the coast. Elsewhere, dry with some clear spells. Minimum temperature 14 deg C (57 deg F).

Wednesday:
A cloudy start, although the cloud will soon lift and break to give some bright or sunny spells, especially away from North Sea coasts. Turning cloudier in the east later. Maximum temperature 22 deg C (72 deg F).

Outlook for Thursday to Saturday:
Dry with bright or sunny spells on Thursday and Friday. Feeling cooler with a fresh northeasterly breeze. Largely dry and bright on Saturday, with the risk of a few showers.
